"THE SOUL OF A WOMAN" AT CENTURY TONIGHT

Emily Stevens, the noted emotion-
al actress, who created the leading
role in "The Soul of a Woman,"
which created so much favorable comment during its
run at W. A. Brady's New York
playhouse, will be seen on the screen
at the Century tonight in the
Rolfe-Metro production of "Destiny"
for "The Soul of a Woman." This
brilliant star will have the support
of an exceptional cast, headed by
George LeGuere, whose talents in
important roles have already won
him wide recognition among the
theater-going public.
"Destiny," or "The Soul of a
Woman," is an inspiring allegorical
story from the original document
by Anthony P. Kelly. It affords Miss
Stevens a vehicle which calls for
the fullest display of her splendid
emotional powers, and will prove a
revelation even to those admirers
who have followed her work closely
in her many Broadway successes.

War Brides Prove Lure For
Speculators as Most of
Them Show Gains.

NEW YORK, Dec. 31.—The war
in Europe had a marked effect on
the New York stock exchange, the
prices of stocks showed advances of
50 to more than 600 points in some
of the active shares. The "war
brides" proved a lure for speculators
and these stocks showed the most
gain over the 1914 prices.

WHOLESALE PRICES
WERE LOWER IN 1914

Retail Merchants Must Have Gotten
the Money, Says Labor
Bureau.

WASHINGTON, Dec. 30.—If the
cost of living increased during 1914,
the retail merchants must have got-
ten the money. Wholesale prices in
the United States were nearly one
per cent lower in 1914 than in 1913.
This decrease is shown in figures
made public today by the bureau of
labor statistics of the department of
labor based upon an examination of
the aggregate value of 340 repre-
sentative commodities.

More than half the commodities
listed in four main groups—cloths
and clothing, fuel and lighting,
metals and metal products, and lum-
ber and building materials—de-
creased were shown in the yearly
average prices of cotton yarns, print
cloths, storm sergees, Silkan cloth,
worsted yarns, coke, gasoline, crude
petroleum, bar iron, copper ingot,
cast iron pipe, steel billets, steel
tank plate, steel sheets, structural
steel, pig tin, wood screws, brick in
New York city, plate glass, Douglas
fir, rosin and cedar shingles.
Cotton blankets, boots and shoes,
leather, 10-4 bleached sheeting,
quicksilver, linseed oil, turpentine,
and a few other articles in the same
four groups showed an increase in
the wholesale price.
